

# MOUNTING INSTRUCTIONS

## DRUM SHIELDS

### UNBOXING

Open the package carefully! Inserting sharp objects into the package can damage the drum shields. Avoid using long, sharp tools for opening the package!

### REMOVE PRODUCTS FROM PACKAGING

Carefully remove the products from the package. The acrylic panels are covered with a protective film. Remove the protective film and take the connecting brackets out of the package.

### CONNECT THE PANELS

Remove the connecting brackets from the package. Attach one bracket to the edge of panel 1. Connect panel 1 to panel 2 by sliding the second panel into the bracket.

### ASSEMBLY

Assemble the drum shield in a semicircle around the drum set. That's it!

#### TIP:

*The individual panels of the drum shields are easier to install by two people.*

This product is intended to be used to optimise the room acoustics. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard!

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.
